

Create a Fall Monarch Butterfly Garden

**September 27
7:00 p.m.**

Discover what you can do to support conservation of the Monarch butterfly! In this program, learn simple steps to create a Monarch Waystation for your landscape. Carol Clark, Monarch Watch Conservation Specialist, will discuss plant choices, design considerations, and installation as well as share sample plans for Monarch Waystations. The program will also spotlight Waystations in our local community and how you and your family can become citizen scientists right in your own garden to help with national conservation efforts.

Carol Clark is a Texas Master Naturalist, a member of the Native Plant Society of Texas, and a Conservation Specialist with Monarch Watch. Monarch Watch (www.monarchwatch.org) is a nonprofit education, conservation, and research program based at the University of Kansas that focuses on the Monarch Butterfly, its habitat, and its spectacular migration.
