

Popsicle Stick Merperson

You'll need:

- Merperson body template (provided)
- Triangle and tail fin templates (provided)
- Three popsicle sticks
- Yarn for hair
- Glue
- Scissors
- Markers, glitter, and anything else you'd like to use to decorate your merperson

Instructions:

- Glue your three popsicle sticks together to make a triangle.
- Print and cut out the paper triangle. Color and glue it to the back of your triangle to make the merperson's tail.
- Print and cut out the tail fin, color, and glue it to the bottom of the merperson's tail.
- Decorate your merperson's tail however you like!
- Print the merperson body template. Draw your merperson's face and give them whatever clothes, jewelry, or other decoration you like, and cut them out of the template.
- Use yarn to create your merperson's hairstyle! Glue it on and cut however you like.
- Glue your merperson's body to their tail.

Movable Ocean Scene

You'll need:

- Two white paper plates
- One brad
- Scissors
- Markers and crayons
- A pen or pencil

Instructions:

- Ask an adult to help you make a window in one plate by cutting out a half circle.
- On the back of the plate with no window, use markers and crayons to draw your underwater scene. What do you think might be in the ocean? Any shipwrecks or mermaids?
- On the back of the plate with a window, draw the sea and anything else you would like.
- Place the plate with the window over the back of the plate with the underwater scene.
- Ask an adult to use a pen or pencil to poke a hole in the middle of the two plates, then insert the brad to hold the two plates together.
- Holding onto the edge of the top plate, spin the bottom plate to make your ocean scene move.
