Northshore Trail

Trail Signage

Numbered red signs with a red cross are emergency extrication points.

Report the number on the sign when calling 911 for help.

Police and EMS can then respond to that location.

Brown signs with a number and either a W or E indicate the number of the loop you are on and the direction of travel.

For the sign above you would be traveling west bound on Loop 1.

For additional trail map assistance check out the Northshore Trail on the MTB Project phone APP
